

# Lizard Safeguard

Complete PDF Document Security with DRM controls

**Protect your PDF documents from unauthorized viewing, copying, printing & distribution. Control how they are used, by whom, for how long and when.**

Lizard Safeguard ensures complete PDF security with Digital Rights Management and real-time licensing controls.

## Safeguard your company's revenue stream.

**Reach new markets and effortlessly gain additional revenues.**

Lizard Safeguard is for publishers of high value or confidential information published in PDF format.

It protects your intellectual property, trade secrets, research papers and reports, from unauthorized viewing, copying, sharing, modifying, printing (including how many times), and saving, with US Government strength encryption and Digital Rights Management controls.

Control who views your PDF documents where, when, and for how long (*n* times, days, months, years or forever).

Revoke document access in real-time even after distribution. Maintain copyright at all times.

### Subscription Services

If you sell subscription services, Safeguard's unique concept of publications ensures minimum administration overheads and enables you to effortlessly manage your customer base.

When a subscription license expires your subscriber will have to renew it before they can continue using your documents. You therefore retain full control over your documents at every stage and ensure customers continue to pay license fees when they are due.

### Easy to use

Just right-click on your PDF documents in Windows File Explorer to protect them by selecting secure document access rights from the pop-up dialog box.

A simple to use web-based administration system lets you control customer access to your secured PDF documents.

### Complete Document Security

Lizard Safeguard ensures the best security for your PDF documents with US Government strength encryption and public key technology. There are no passwords for users to send, enter, forget, compromise, or pass on to others. Documents are locked to individual computers and cannot be shared and screen grabbing is prevented.

For added protection, custom watermarks can displayed on viewed and/or printed documents.

## Benefits

**Complete control over your IPR.** Achieve full control over how your licensed documents are used. Ensure your documents are not viewed, printed, copied, shared or modified without your permission. Revoke documents when you decide they should no longer be available. Copyright and trade secrets are always maintained.

### Simple method for controlling access to and use of commercial and confidential documents

License expiry lets you give customers evaluation / limited time trials of your documents and/or ensures subscribers will continue to pay for your products at renewal time.

**Gain additional revenues.** Customers now have to buy whereas previously they may have obtained your content for free.

**Reach new markets.** Sell documents that are accessible for a limited time period at a lower cost, rather than being available forever, enabling you to reach new markets that are price sensitive.

**Reduce the cost of distributing confidential information.** This can now be done electronically since you are always in control of who can view your documents and what they can do with them. Now you have the convenience and cost savings of online business processes with more secure and reliable electronic document exchange.

## Features overview
