

and always in a hurry to get things done right. Tigers are able to make

## Exceeding expectations by leaps and bounds.

Fast and furious digital printing is what we do best for our customers who demand full production run quality for their package and label sales samples, prototypes, and comps. At CL&D, we work with you to get your product on the shelf in record time.

If you have a special challenge, we'll pounce on your project. 98% of our work comes from repeat business and the referrals of happy customers.

## Our technology.

We save you time and money through the magic of digital printing technology. Unlike conventional printing, there are no films, plates, or cylinders, so set-up and make-ready time is minimized.

Powered by Hewlett-Packard digital offset presses, we offer 4-color process, spot colors, and white inks for all of your flexible package and label printing needs.

## Our team.

CL&D Digital's team picks up where our presses leave off. Our friendly, solution-driven people are committed to providing exceptional service from start to finish.

*The cat's meow of fast package printing.*

Specializing in runs from 1 to 80,000, we're your #1 competitive advantage when it comes to getting your products to market faster.

In Chinese astrology, "tiger people" are hardworking and dynamic—and always in a hurry to get things done right. No two tigers have the exact same stripe pattern, just like no two jobs have the exact same specifications.

## Digital package & label printing – and so much more.

### Flexible Packaging

Packaging comes in all shapes, sizes – and substrates. We can print, laminate, cut, and form your bags and other packaging, including:

- Shrink sleeves
- Gusset bags, with or without a re-sealable zipper
- Stand-up pouches
- Cartons & boxes

### Labels

We print, laminate, and die-cut labels on rolls or sheets:

*Pressure-sensitive* – clear, metallic, white, or paper labels – that can be automatically or hand applied.

*Individual foil wrappers* for candy packaging.

*Immediate Redemption Coupon (IRC) labels*, for peel-off coupons right on the package that offer an instant discount at the purchase point.

*Personalized labels*, to connect one-on-one with your buyer and personally tailor your products to meet their needs. Many consider short-run, personalized packaging to be cost-effective research – revealing a much larger market demand for their product.

*Film labels and sleeves* – OPP, PVC, or PETG – for hand or automatic application.

### Finishing Services

- Varnishing
- Laminating
- Die-cutting
- Perforating
- Sheeting/slitting
