

If your HR department still uses  
ancient systems,

Come meet our Wizard at HR Southwest.

# The Wizard of TUT – At Booth #1426

There's magic afoot at HR Southwest this year – Sage Abra (cadabra) software that automates your entire department. Sage Abra HRMS is an industry-leading human resource and payroll system, linking HR, training and recruiting operations. It comes with hundreds of standard reports, plus options for employee self-service.

## AMAZING TRICKS

Watch TUT Services' Wizard conjure software feats before your very eyes – with features that can streamline your workload by as much as 20 percent. We've represented Sage Abra for more than a dozen years. Nobody can configure, implement and train on the software like we can.
