Expand FlagStand XL

Expand FlagStand XL is perfect for brand building at events, sales activities and campaigns in all kinds of outdoor environments. All product materials are carefully selected to endure long outdoor use. This display can be used on almost all surfaces, such as sand, snow, asphalt and grass. This stable and portable flag stand equipped with a telescopic flag pole, which makes it easy to vary the height up to 18 feet tall. The simple construction, with very few loose parts, simplifies transportation and makes the product fast to mount and set up. Expand FlagStand XL is delivered in a bag for easy transportation

<p>1. Expand FlagStand XL comes with a nylon bag for simple storage.</p> <p>2. Easily carry the Expand FlagStand XL bag by the shoulder strap.</p>	
<p>1.</p>	<p>2.</p>
<p>3.</p>	<p>4.</p>
<p>Two Different Weight Options</p> <p>3. The weighted plates attach to the base in one simple step.</p> <p>4. For more stability, use the fillable water bags. These bags attach to the frame, provide a more stable base and easier to transport.</p>	

Two Different Weight Options:

Expand FlagStand XL with Cast Iron Plates

With four weights easily pushed into place, you have everything you need for a stable and secure flag stand. The weights have handles for simple transportation.

Total weight: 97 lbs. (44 kg)

Expand FlagStand XL with Water Bags

The version with water bags is easy to transport since the whole product fits into one bag. Once in place, the strong water bags are filled with water, making the flag stand very stable even in strong winds.

Total weight with filled bags: 203 lbs. (92 kg)
