## Crouch, Slavin & Company Expands ERP Team

### *Crouch, Slavin & Company welcomes Chip Goines and Curtis McKenzie*

**Tulsa, OK – December 7, 2007 –** Crouch, Slavin & Company, a leading professional services firm offering HRMS and ERP applications to businesses in the Southwest, is pleased to announce the addition of William "Chip" Goines and Curtis McKenzie to its ERP team.

Chip Goines joins Crouch, Slavin & Company as an ERP sales consultant focusing on the Sage MAS 90 and MAS 200 products. In this role, Chip will work with prospective clients to select a combination of applications and services to meet their desired objectives. Chip has more than a decade of experience in the technology field. Most recently he was an account executive for Sirius Computer Solutions. Prior to Sirius, Chip worked for IBM helping businesses in the SMB market space to select technology solutions that fit their needs. A graduate of Oral Roberts University, Chip brings a wealth of experience working with clients to achieve results through the use of technology.

Crouch, Slavin & Company also has expanded their consulting team with the addition of Curtis McKenzie. Curtis, an application consultant, specializes in the implementation, training and on-going support of Sage MAS 90 and MAS 200. Prior to CS&Co, Curtis worked in a variety of roles for Tulsa-based Turpen & Associates. His responsibilities touched every area of the business from HR to accounting and IT. After graduating from Oklahoma State University, Curtis worked as the operations director for a start-up athletic complex.

 "Having Chip and Curtis as part of our ERP team will be a great benefit to the clients we work with," said Gary Crouch, president of Crouch, Slavin & Company. "Their respective past experiences will benefit our clients and in turn further our stated mission of enabling organizations to achieve a business advantage through the best use of technology."

Chip and Curtis will attend the Sage Software's Sales and Consulting Academy in December. This week-long course will provide them with a comprehensive overview of the markets served by Sage Software solutions.

**About Crouch, Slavin & Company**
Crouch, Slavin & Company offers complete business management consulting services to companies wanting to increase internal efficiencies through proven technology applications. CS&Co's two-pronged approach features up front due diligence ensuring a proper recommendation and a detailed methodology ensuring a successful implementation. CS&Co's background spans several decades of experience centered on accounting processes, tax compliance, employee benefits and information technology. Our consultants have a shared skill set of human resources and payroll experience and product expertise spanning a range of industries. CS&Co has selected to work primarily with products developed by Sage Software.
