We sell NASA and Space related memorabilia, toys and Astronaut Suits. I bought the business in late 2006. The previous owners used Affiliated Marketing and tried to manage it themselves. Upon asking them questions during my training period, they actually knew little about the workings of the Affiliate Program. I decided to best manage my business, was to take on tasks that I was capable of, and outsourcing other facets to professionals and therefore I decided to seek professional services for Affiliate Marketing from eBrandz because I was already familiar with them, as they were handling my SEO services. I heard about eBrandz through a respected friend of mine who highly spoke about their work.

I have found that eBrandz does a very good job in managing my Affiliate Programs. They keep me updated on tasks performed and answer my questions and address my concerns promptly. The Affiliate Programs are best run by eBrandz, so I don't have to worry about it and I can concentrate on my core business.

Also, eBrandz Affiliate Marketing representatives are very professional and always address my questions and concerns, usually within an hour or so. There were also no problems in signing up with eBrandz, or corresponding with them. The eBrandz team members are great to work with. They are all helpful, knowledgeable and easy going. I started seeing improvements within a month and Affiliate Marketing has helped me to grow my business.

Yes, I would definitely recommend eBrandz Affiliate Marketing services to other companies.
