

# GROWING UP IN THE SHADOW OF CAPONE

A young man's world is rocked when at his father's funeral he discovers that his beloved father may not have been who he thought he was. What did his father really do for a living when he disappeared for weeks at a time? Was his dad's life story as he had told it, or was it something far more sinister?

A Memoir by the Grandson of Al Capone is a journal of the grandson of the most notorious gangster in American History. Chris W Knight chronicles his courageous search to find the truth behind the lies, the deceptions and the heartaches. Torn between denying the family bloodline and embracing it, he finds himself forced to confront a dual identity, that he is not only the grandchild of a celebrity, but the grandchild of America's most notorious and infamous Mob boss.

*"The search for self is unending. But when the search is impeded by questions of truth and the veracity of assumed lineage, the seeker is thrown into an almost unimaginable quandary. "Son of Scarface" is an extraordinarily well-written account of just such a personal journey. Its venture into the life of one of America's most notorious gangland figures is particularly scintillating."*
