

PIGMA® SENSEI™

Manga-to-go! Start with Quality!

Amongst the maze of How-To Manga guides and kits, *the* choice for drawing Manga is clear – Pigma Sensei. Start with quality - the rich black of Pigma ink is the trusted ink of Manga professionals for over 25 years.

The Pigma Sensei drawing set includes all the tools needed to illustrate in Manga style – pencil, eraser, quality Pigma ink, and a variety of nib sizes to lay down the ink. The universal appeal of Pigma ink and Sakura’s guarantee makes this kit a value for any illustrator.

A pencil and trusty eraser are included to work out early-stage ideas in rough concepts and sketches. The pencil’s fixed sleeve protects the sturdy 0.7mm lead from breaking whether sketching or using templates.

Versatility is built-in with four tip sizes. Beginners and artists select a tip size that suits their style - fine lines for facial expressions, lettering Manga phrases, detailing images, or bold lines to add impact and drama.

No need to miss an opportunity to sketch whenever creativity sparks, take Pigma Sensei along to Manga classes or conventions. The Pigma Sensei Drawing Kit contents are:

- 0.3 mm ultra-fine durable plastic nib
- 0.7 mm fixed sleeve, mechanical pencil
- Sakura pencil on paper eraser
- Illustration guide
- 0.4 mm plastic tip
- 0.6 mm bullet fiber tip
