

Charge Anywhere - Smartphone Edition

Charge Anywhere – Smartphone Edition is perfect for merchants seeking a mobile Point of Sale solution that allows them to efficiently conduct business in the field. This secure, mobile Point of Sale solution transforms Smartphones and PDAs into fully functional wireless POS terminals. In addition to making a call, checking e-mails and messages, or getting directions, Charge Anywhere – Smartphone Edition empowers mobile merchants with a single device for accepting card payments, virtually anywhere, at any time.

Comstar Interactive is certified with all major payment processors and works on all networks so merchants no longer have to worry about the time consuming hassle of changing merchant processors. Charge Anywhere - Smartphone Edition is wirelessly downloaded over the air (OTA) and seamlessly integrates with the newest generation Smartphones. As a full service provider, Comstar offers the latest Smartphones, voice & data plans and integration into QuickBooks®.

Charge Anywhere – Smartphone Edition
