Ricoh Americas Corporation and SWK Technologies Partner to Provide Educational Workshops to the Sage MAS 90 and MAS 200 User Community

Upcoming workshops to highlight efficient, integrated document capture solution for Sage MAS 90 and MAS 200 from Ricoh Americas Corporation and SWK Technologies.

Livingston, NJ—January 31, 2008—SWK Technologies and Ricoh Americas Corporation today announced that they are holding two complimentary half-day Software Solutions Workshops and Product Demonstrations on February 7, 2008 at Ricoh Americas Corporation's Technology Portal in New York City. The workshops will feature industry leaders speaking on ways to enhance business processes and productivity and a product demonstration of Transaction Link, an integrated document capture solution for Sage MAS 90 and MAS 200.

"SWK is an important business partner with Ricoh and provides technical expertise in the development of Transaction Link," said Hede Nonaka, senior vice president, Document Solutions and Services Division, Ricoh Americas Corporation "We look forward to continuing to deliver market leading software solutions to the Sage MAS 90 and MAS 200 user community."

"It's a unique partnership, and one that we're very proud of," stated Lynn Berman, president of SWK Technologies. "Rico Americas Corporation asked us to develop the interface based on a referral from Sage Software. Ricoh is a leader in its industry, and we have a solid reputation for integrating disparate applications and delivering innovative solutions that our customers find real value in."

Attendees can choose from a morning or afternoon session. Registration for the workshops can be accomplished at www.swktech.com/ricoh.

About Transaction Link

Transaction Link is Ricoh Americas Corporation's first Industry Marketing application that enables users of Sage MAS 90 and MAS 200 Enterprise Resource Planning (ERP) systems to use their Ricoh multifunction products (MFPs) to scan supporting documents (i.e. purchase order or packing list) and link the resulting electronic files to specific transactions within their existing ERP system.
