

The ESO Advantage

INTEGRATION WITH THE ESO PRO™ ePCR SUITE

We optimize a single end-to-end process by integrating our ePCR and billing software.

PERFORMANCE FEEDBACK

We help organizations improve patient documentation, thereby ensuring more payable claims.

FASTER TURNAROUND TIME

ESO Pro™ ePCR integration with the ESO billing software results in the fastest call-completed-to-billing submission time in the industry.

IMPROVED COLLECTION RATES

A faster billing cycle means higher collection rates for you.

ELECTRONIC DOCUMENT MANAGEMENT

We maintain control of patient documentation from start to finish — from the scene through the archival of your company data.

ACTIVE CLAIMS TRACKING

We actively track claim payment status so that we can immediately file appeals and resubmit any rejected claims.

CUSTOMIZED PRICING PACKAGES

We offer flexible, all-inclusive pricing that includes the ESO Pro™ ePCR Suite as well as our complete billing solution.

PROMPT, COURTEOUS SERVICE

Be assured that your patients and staff will receive exceptional customer support.

ESO Pro™ Billing: Streamlined Processes Improve Your Bottom Line

ESO Pro™ Billing integration with the ESO Pro™ ePCR Suite results in complete, accurate billing records and improved collection rates for your organization.

Focus on Patient Care, While We Focus on Getting You Paid

You have enough challenges. Let ESO Solutions handle your billing issues while you concentrate on providing quality medical services. Put our professional EMS billing staff to work for you and enjoy the peace of mind that comes from knowing that just as soon as a patient care record is complete, our billing agents are ready to process and submit it for payment.
