Software Link Forms Strategic Partnership with Deltek

Alpharetta, GA – February 7, 2008 – Software Link Inc., Georgia's leading provider of ERP software and services, is pleased to announce the addition of Deltek® (NASDAQ: PROJ) Vision to their product portfolio.

Software Link is a leading provider of implementation, training and support services of automated business management solutions. With a wide range of product applications including accounting, project, distribution, manufacturing and e-commerce solutions, Software Link offers award-winning products and services that have revolutionized the way small and mid-sized companies do business in today's marketplace. In August 2007, Software Link was named to the first-ever Inc. 5000 list of fastest growing private companies in the country.

Deltek's Vision is a best-in-class solution for project-oriented companies that want to improve performance, streamline operations and win more business. Designed especially for industries such as architects, engineers, contractors, PR and IT firms, Vision is built using state-of-the-art technology that ensure stability, scalability and compatibility.

"Deltek's deep commitment to serving vertical markets fits with our go-to-market strategy," said Stanley Kania, President of Software Link. "We look forward to offering project-oriented businesses a robust and scalable solution supported and implemented by our outstanding group of consultants."
