

GENERAL PACKER

Almost 50% of U.S. households own at least one dog or cat; resulting in over 75 million dogs and 90 million cats in the U.S. alone. More than ever, there are increasing demands on the pet food industry to produce high quality, nutritious petfood. Certainly the packaging at the retail level is a primary expression of your brand and the quality of the contents. Make sure your packaging line is able to deliver on the demand to produce premium quality, fresh tasting food with less preservatives or chemicals. PTI Packaging Systems supplies equipment for filling and sealing of pre-made pouches and bags for small retail sizes up to large, bulk bags. High quality sealing technology extends shelf life and insures freshness of product.

- Filling and sealing solutions for dry pet food and pet treats
- Suitable for large capacity gusset bags and stand up pouches with zippers
- Package dimensions 135-300 mm (W) x 200-480 mm (L)
- Package volume up to 4 Kg.
- Gas flush filling applications
