# Scan 1-2-3

Scan 123 is the *cost-effective* solution for quick, easy, and secure 'offsite' document storage. This web-based system allows all authorized staff access to scanned documents to view, print, fax, or email. Your scans can be stored indefinitely.

*Simply scan the document and never file, re-file, or purge files again!*

- Scan 123 is simple, efficient, and cost-effective.
- Advanced Encryption Standard Security
- Your company's virtual file cabinets can store:
  - *Service repair orders*
  - *Sold sales documents*
  - *Dead deals*
  - *Employee files*
  - *And more...*
- Ask about Eforms, included free with Scan123!

### Testimonial:

“ The Northshore Toyota staff is very excited to use the Scan123 service. Our service writers, used car manager, and warranty clerk love how easy it is to use. Repair orders are just a few keystrokes away versus spending minutes or hours digging in a storage room among piles of papers and folders. Our administrative assistant, who does the filing, definitely enjoys scanning versus filing.

Northshore Toyota ”
