Guest Speakers

Governor Mike Beebe

45th Governor of the State of Arkansas.

Governor Beebe was sworn in on January 9, 2007 following more than two decades of dedicated public service. Just days after assuming office, Governor Beebe submitted a balanced budget for the state's general revenue, culminating in the greatest tax relief in Arkansas history by cutting the state sales tax on groceries in half, while increasing the Homestead Property Tax Credit to ease the burden of homeownership. Governor Beebe remains committed to promoting policies that will further economic development, provide excellence in education for our children, and reform our system of health care.

Dr. David Rankin

President of Southern Arkansas University, economic advisor to the Arkansas Governor, chairman of the Governor's Council of Economic Advisors, chairman of the Golden Triangle Economic Development Council, member of the board of directors of the Arkansas Council of Economic Education, president of the Gulf South Conference of the NCAA, chairman of the Arkansas Association of Public Universities, member of the IFSA Data Storage, Inc, Advisory Board.

Alan A. Andolsen

Certified Management Consultant, Certified Records Manager, and president of Naremco Services Inc., a management consulting firm founded by Emmett Leahy that has been providing information management services since 1948.

Jonathan Nguyen-Duy

Leads business continuity product management at Verizon, where he specializes in helping enterprises and government agencies meet a wide range of risk management, business continuity/disaster recovery and security challenges.

Ed Drilling

President of SBC, now AT&T, Arkansas since July 2002. Drilling joined the company in 1979. In his 26 years with the company, he spent 15 years in various operations positions including customer service and marketing, and eight years in the external affairs organization before becoming President of the Arkansas Division.

Chris Hackett

Vice president, public sector programs, Sprint Nextel Corporation, responsible for the organization that sets Sprints strategic direction for its customer base in state and local government, healthcare, education and utilities.

Hugh Smith

Vice president of marketing for Firelock Fireproof Modular Vaults, the world's leading manufacturer of patented modular storage vaults, has installed more vital records vaults for corporate America than anyone in the industry and helped establish the first nationwide network of media vault storage vendors specializing in the protection and security of computer media.

Mark Sableman

Senior partner at Thompson Coburn LLP, of Saint Louis, Mo., specializing in the areas of communications, intellectual property and information technology. He litigates libel, privacy, trademark, copyright, advertising, unfair competition, and trade secret cases, as well as a wide array of technology- and Internet-related claims.

Joel Koch

Co-CIO and AVP of Infrastructure with Hooper Holmes, Inc. headquartered in Basking Ridge, N.J., built a 1.2 million dollar Business Continuity, Disaster Recovery and Operations Center located in Allentown, Pa. in just over 90 days.
