Free Prescription Aid Program Saves Up to 75% for Anyone Uninsured or Under-Insured

The best way to lower your drug costs. It's free, open to everyone and offers discounts of up to 75%...

Anyone living in the USA not covered by regular prescription insurance can instantly access and download three totally free drug discount cards online. (It won't cost you a dime!) Download cards for any family or friends who need help paying for their medicine.

Participating pharmacies include the following: Walgreens, Rite Aid, Eckerd Drugs, Publix, CVS Pharmacy, Winn Dixie, BI-LO, King Soopers, Fred's Pharmacy, Drug Fair and K-Mart as well as thousands more independent pharmacies. Here are the key factors that make it such a great program:

- **It is easy to participate.** There are no enrollment fees, no forms to fill out, no age or income requirements, and no medical condition restrictions. The entire family is covered (just print a card for each person, including pets!) and virtually all commonly prescribed medicine is covered;
- **There are no costs.** There is no cost to the county, county taxpayers, or consumers to participate. Our network negotiates the discounts directly with participating pharmacies.
- **Everyone is eligible.** The discount cards are provided free to residents living in the USA in all counties across the country. A national network of more than 57,000 retail pharmacies honor the card;
- **Consumers always receive the lowest retail price.** On occasion, pharmacies will price a particular medication lower than the discount rate available with the www.FreeDrugDiscountCard.com. If that occurs, consumers will receive the lower price. Either way, consumers will always receive the best price available.
- **Pharmacies use the program to create goodwill** with patients, which will ensure that they keep their business. FreeDrugDiscountCard.com is used for individuals who have no benefits or have reached a gap in coverage, and it also can be used as a supplement for patients who need to fill a script for non-formulary drugs.

Sponsored by **Free Medicine Foundation**, “**The Patient’s Advocate**” [offers five prescription cost saving tips](#) to help your pocketbook and America. For questions or to enroll in the program, please visit **www.FreeDrugDiscountCard.com** or call 1-573-996-3333 or crandolph@freedrugdiscountcard.com.
