Because You Can't Afford False Security®

DJA COMBO SETS

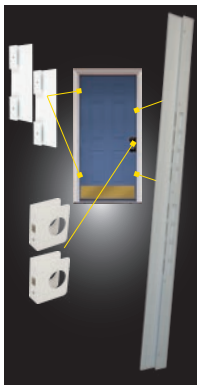

Door Jamb Armor Combo Sets are the most effective way to repair and help prevent kick-in damage. Each Combo Set comes with a Jamb Shield, a Hinge Shield and a Door Shield set. The parts of the Door Jamb Armor Kit work together to provide the best possible protection from kick-ins and each part is essential. Pieces are made of galvanized steel and are powder coated so they can be painted. We strongly recommend purchasing combo sets over purchasing the parts separately.

ULTRA COMBO SET

Ultra Door Jamb Armor Combo set has knock-out holes cut to fit locks that are spaced from 4 to 31 inches apart. This set was designed for doors with multiple deadbolts (or privacy locks) or for customers, who are uncertain about their lock spacing. The Ultra Door Shields have a great, lower-profile look. The Ultra set offers the ultimate in flexibility and appearance.

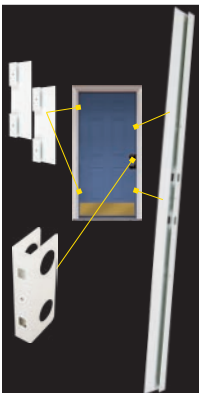

Item Number	Item Description	Door Shield Color	Lock Spacing	Door Thickness	Lock Backset	List Price
SET-ULT-10002	Ultra Combo Set - 2-3/8" Backset	White	4" to 31"	1-3/4"	2-3/8"	\$149.95
SET-ULT-20002	Ultra Combo Set - 2-3/4" Backset	White	4" to 31"	1-3/4"	2-3/4"	\$149.95

UNIVERSAL COMBO SET

Universal Combo set has holes cut to fit locks that are spaced from 4 to 21 inches apart. This set was designed for customers, who are uncertain about their lock spacing. Unlike the Ultra set, the holes in the Universal set are already punched out and are not knock-outs. The Universal set provides great flexibility and protection at a great price.

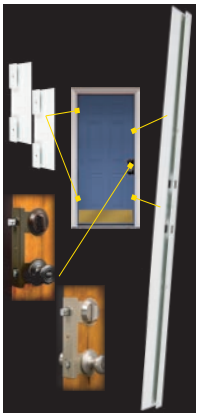

Item Number	Item Description	Door Shield Color	Lock Spacing	Door Thickness	Lock Backset	List Price
SET-UNI-10002	Universal Combo Set - 2-3/8" Backset	White	4" to 21"	1-3/4"	2-3/8"	\$124.95
SET-UNI-20002	Universal Combo Set - 2-3/4" Backset	White	4" to 21"	1-3/4"	2-3/4"	\$124.95

STANDARD COMBO SET

The Standard Combo Set is designed for doors with standard (5-1/2" on-center) lock spacing. This set work best for reinforcing or repairing newer doors. Unlike the Universal and Ultra sets, the Standard set has only two holes cut in the Jamb Shield and comes with a one-piece door shield. Customers with newer doors may prefer the appearance of the Standard set.

Item Number	Item Description	Door Shield Color	Lock Spacing	Door Thickness	Lock Backset	List Price
SET-STD-10552	Standard Combo Set - 2-3/8" Backset	White	5-1/2"	1-3/4"	2-3/8"	\$124.95
SET-STD-20552	Standard Combo Set - 2-3/4" Backset	White	5-1/2"	1-3/4"	2-3/4"	\$124.95

LOW PROFILE COMBO SET

Low Profile Sets are designed for doors with standard (5-1/2" on-center) lock spacing. This set is designed for higher-end customers, who prefer a Door Shield piece that is more decorative and more difficult to see from the street. Low Profile Sets come in Oil-Rubbed Bronze and Satin Nickel finishes.

Item Number	Item Description	Door Shield Color	Lock Spacing	Door Thickness	Lock Backset	List Price
SET-SLP-12552	Low Profile Combo Set - 2-3/8" Backset	Oil-Rubbed Bronze	5-1/2"	1-3/4"	2-3/8"	\$129.95
SET-SLP-13552	Low Profile Combo Set - 2-3/8" Backset	Satin Nickel	5-1/2"	1-3/4"	2-3/8"	\$129.95
SET-SLP-22552	Low Profile Combo Set - 2-3/4" Backset	Oil-Rubbed Bronze	5-1/2"	1-3/4"	2-3/4"	\$129.95
SET-STD-23552	Low Profile Combo Set - 2-3/4" Backset	Satin Nickel	5-1/2"	1-3/4"	2-3/4"	\$129.95

BASE DJA SETS

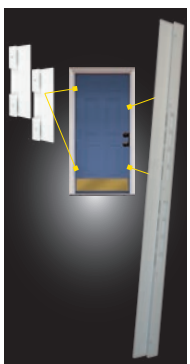

Base Door Jamb Armor Sets are an effective way to repair and help prevent kick-in damage. Each Base DJA Set comes with one (1) Jamb Shield and two (2) Hinge Shields. While base sets are very effective for repairing and securing a door, we strongly recommend purchasing combo sets, which also include a Door Shield, which will help prevent the door from splitting when kicked. All pieces are made of galvanized steel and are powder coated so they can be painted.

BASE ULTRA DJA SET

Base Ultra DJA set has knock-out holes cut to fit locks that are spaced from 4 to 31 inches apart. This set was designed for doors with multiple deadbolts (or privacy locks) or for customers, who are uncertain about their lock spacing. The Ultra set offers the ultimate in flexibility and appearance.

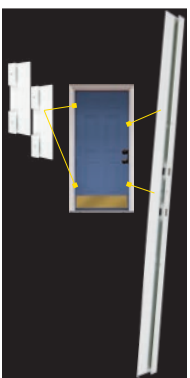

Item Number	Item Description	Color	Lock Spacing	Door Thickness	List Price
DJA-ULT-10002	Base Ultra DJA Set	White	4" to 31"	1-3/4"	\$134.95

BASE UNIVERSAL DJA SET

Base Universal DJA Set has holes cut to fit locks that are spaced from 4 to 21 inches apart. This set was designed for customers, who are uncertain about their lock spacing. Unlike the Ultra set, the holes in the Universal set are already punched out and are not knock-outs.

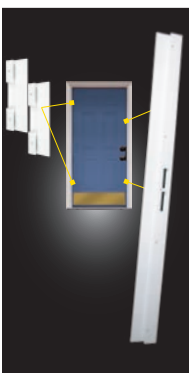

Item Number	Item Description	Color	Lock Spacing	Door Thickness	List Price
DJA-UNI-10002	Base Universal DJA Set	White	4" to 21"	1-3/4"	\$109.95

BASE STANDARD DJA SET

The Standard Combo Set is designed for doors with standard (5-1/2 inches on-center) lock spacing. This set work best for reinforcing or repairing newer doors. Unlike the Universal and Ultra sets, the Standard set has only two holes cut into the Jamb Shield.

Item Number	Item Description	Color	Lock Spacing	Door Thickness	List Price
DJA-UNI-10002	Base Standard DJA Set	White	5-1/2"	1-3/4"	\$109.95

BASE MORTISE LOCK DJA SET

Mortise Lock DJA Set is designed for doors equipped with mortise locks or doors with locks placed very close together. This set will fit doors with locks spaced from 1/2 to 4 inches apart.

Item Number	Item Description	Color	Lock Spacing	Door Thickness	List Price
DJA-MOR-10002	Mortise Lock DJA Set	White	1" to 4"	1-3/4"	\$119.95

DOOR SHIELDS

After reinforcing the doorjamb, the door slab itself became the weakest part of the door and split when kicked Alone, these pieces should be used only to cover-up damage on an existing door (without jamb reinforcement they are relatively useless as a security device). Once the jamb is reinforced, they are an extremely important part of our overall system

Unlike other door protectors, our Door Shields are made of galvanized steel and come with durable, powder coating, that looks great and enables you to paint it to match the color of any door - The white pieces are difficult to see in the pictures because they are difficult to see from a distance on the door.

ULTRA DOOR SHIELDS

A lower-profile version for doors with non-standard lock spacing. Each set comes with 2 Ultra Door Shields.

Item Number	Item Description	Door Shield Color	Lock Spacing	Lock Backset	List Price
DSH-ULT-10002	Ultra Door Shield Set - 2-3/8" Backset	White	4" to Unlimited	2-3/8"	\$24.95
DSH-ULT-20002	Ultra Door Shield Set - 2-3/4" Backset	White	4" to Unlimited	2-3/4"	\$24.95

UNIVERSAL DOOR SHIELDS

For doors with non-standard lock spacing. Each set comes with 2 Universal Door Shields.

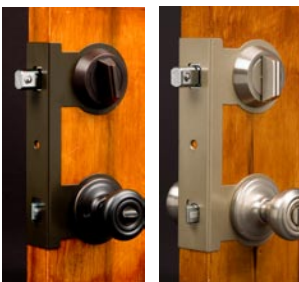

Item Number	Item Description	Door Shield Color	Lock Spacing	Lock Backset	List Price
DSH-UNI-1000	Universal Door Shield Set - 2-3/8" Backset	White	5" to Unlimited	2-3/8"	\$22.95
DSH-UNI-2000	Universal Door Shield Set - 2-3/4" Backset	White	5" to Unlimited	2-3/4"	\$22.95

STANDARD DOOR SHIELD

For doors with standard (5-1/2 inch lock spacing).

Item Number	Item Description	Door Shield Color	Lock Spacing	Lock Backset	List Price
DSH-STD-1055	Standard Door Shield Set - 2-3/8" Backset	White	5-1/2"	2-3/8"	\$20.95
DSH-STD-2055	Standard Door Shield Set - 2-3/4" Backset	White	5-1/2"	2-3/4"	\$22.95

LOW PROFILE DOOR SHIELD

A more attractive look for doors with standard (5-1/2 inch lock spacing). Available in Oil-Rubbed Bronze and Satin Nickel finishes.

Item Number	Item Description	Door Shield Color	Lock Spacing	Lock Backset	List Price
DSH-SLP-1255	Bronze Low profile Door Shield Set - 2-3/8" Backset	Oil-Rubbed Bronze	5-1/2"	2-3/8"	\$25.95

Paintable

**Made of steel and
powder coated
white. Can be
painted to match
your decor.**

Whether it's a domestic dispute, burglars, fighting children or Emergency Medical Personnel, exterior and interior doorjamb are often broken. Until now, repairing a damaged jamb was expensive and very time consuming. FIX-A-JAMB does the job in less time, for less money and leaves you with a clean, finished look.

FIX-A-JAMB

For those who are not as concerned with security as they are with simply repairing a damaged door-jamb. Interior and Exterior jams have never been easier to repair. FIX-A-JAMB is simply the easiest way possible to repair a broken door frame. Both pieces are powder coated white and will leave you with a clean, finished look. The piece can also be painted to match your jamb color. These are not security products. If security is a concern, purchase Door Jamb Armor.

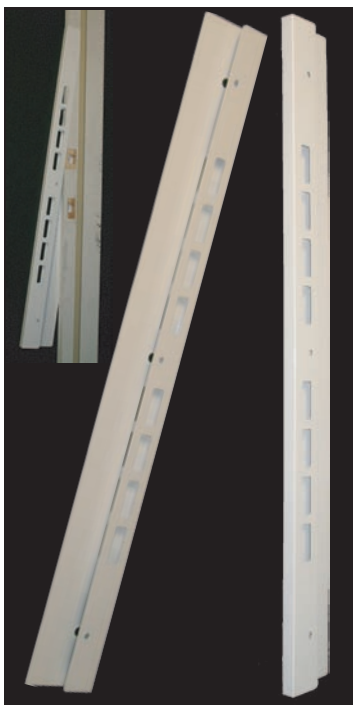

INTERIOR FIX-A-JAMB

Fixing an interior doorjamb has never been easier. In about 20 minutes you can now repair the jamb that was broken because the kids were fighting or because someone locked themselves in the bathroom. This is not a security product, simply the easiest way to repair a bedroom or bathroom doorjamb that has been damaged.

The Interior FIX-A-JAMB piece is a 24-inch long sleeve that will easily slide over just about any interior doorjamb.

Item Number	Color	Length	Jamb Thickness	Door Thickness	List price
FAJ-INT-10000	White	24"	3/4"	1-3/8"	\$49.95

EXTERIOR FIX-A-JAMB

If you simply want to repair the damage from a kick-in as quick as possible, then FIX-A-JAMB is for you. The Exterior FIX-A-JAMB piece is a sleeve that easily slides over a damaged jamb and can be installed in about 20 minutes. While FIX-A-JAMB can be a permanent fix, these pieces are not designed to stop a future kick-in.

The Exterior FIX-A-JAMB piece is 36 inches long and will fit doors with locks that are spaced from 4 to 21 inches apart.

Item Number	Color	Length	Lock Spacing	Jamb Thickness	Door Thickness	List Price
FAJ-EXT-10000	White	36"	4" to 21"	3/4"	1-3/4"	\$69.95
