LAVASOFT

Ad-Aware® 2008 **PLUS**

Real-Time Detection of Spyware AND Viruses!

You are vulnerable to malicious invasions each and every time you connect to the Internet. Over three-quarters of Americans lack core protection to keep their computers, information and families safe from cyber criminals, industry studies show. Ad-Aware 2008 Plus now combines the anti-spyware solution you know and trust with extended anti-virus protection, delivering real-time monitoring that defends against the complex online infiltrations users currently face. Ad-Aware 2008 Plus takes on today's blended threat landscape by immediately detecting malicious applications before they integrate into your PC, clog your system, and steal valuable information.

Ad-Aware 2008 Plus is an upgrade of our Free version with additional advanced features. To choose the Lavasoft product that is right for you, visit our comparison chart on www.lavasoft.com

## The original anti-spyware just got even better!

Relieve the burden of constant cyber attacks with real-time detection against over a million cyber threats, including viruses, spyware, worms, Trojans, bots and rootkits.

Use the Internet with peace of mind as Ad-Aware shields you from dangerous intruders and prying eyes, keeping you safe from password stealers, keyloggers, and other potential identity thieves.

Preserve your computer investment with automated scans to identify and remove malicious applications that eat up memory and steal bandwidth so your computer runs as smoothly as the first day you bought it.

Safeguard your children by blocking unsecure and harmful websites to protect young Internet users from online predators.

Know that you are protected from the latest cyber threats with software and threat updates throughout your license duration, along with free online customer support, 24-hours a day, 7 days a week.

Key Features

➡ Anti-spyware + anti-virus protection

➡ Extended threat Detection Database

➡ Real-time detection with Ad-Watch

➡ Enhanced rootkit removal system

➡ Advanced CSI technology

➡ Customizable scans

➡ The Scheduler

➡ TrackSweep

➡ Block unsecure and harmful websites

➡ Fast, automatic threat updates

➡ Easy to install and use

➡ Free technical support

System Requirements

➡ Pentium 600 MHz or faster

➡ RAM: Operating system + 100 MB

➡ Hard disk: 50 MB free hard disk space

➡ Operating Systems

  ▪ Windows 2000 (Pro and Server)

  ▪ Windows Server 2003

  ▪ Windows XP (32- & 64-bit)

  ▪ Windows Vista (32- & 64-bit)

➡ Web Browsers

➡ Internet Explorer (version 5.5 or higher)

➡ Firefox (version 1.5 or higher)

➡ Opera (version 9 or higher)

What's New in Ad-Aware 2008 Plus?

- **Integrated Anti-Virus Protection** – Our powerful anti-spyware software now includes extended anti-virus protection.

- **Extended Threat Detection** – Protection from more than 1.2 million virus and malware threats with the new extended anti-virus engine.

- **Enhanced Rootkit Removal System** – Guard against hidden threats attempting to access your system with our amplified rootkit removal technology.

- **Substantially Reduced Use of Computer Memory** – Tread lightly on system resources with a significant reduction in computer memory used while in watchguard mode.

- **Faster Updates** – Save precious time and resources with compressed files resulting in faster product updates.

- **Lavasoft ThreatWork** – Direct access to submit suspicious files for analysis via ThreatWork, an alliance of global anti-spyware security volunteers actively fighting online threats.

- **Windows Vista Compatible** – 32- and 64-bit platform support

More Key Features

- **Ad-Watch Real-Time Monitor** – Immediate detection of malware, spyware, and viruses means deceptive applications can be safely removed before they are able to cause any damage to your PC.

- **Advanced Code Sequence Identification (CSI) Technology** – Boost your privacy protection with precise detection of embedded malware, including Trojans, worms, spyware and other forms of deceptive malware.

- **The Scheduler** – Set automatic scans and updates to fit your personalized needs and optimize time and resources.

- **Ad-Watch RegShield** – Improved detection of attempted registry changes, a favorite target for many forms of malware.

- **Ad-Watch Process** – Immediately detect all recognized malicious processes to prevent them from further integration into your system.

- **TrackSweep** - Control privacy by erasing tracks left behind while surfing the Web on multiple browsers, including Internet Explorer, Firefox, and Opera, with one easy click.

- **Hosts File Editor** – Take control of your Web navigation by blocking advertisement sites, reversing browser hijack entries, assisting with parental controls, and creating navigation shortcuts.

- **Extensive Detection Database** – Stay protected with priority updates from our extensive library of identified and analyzed threats, constantly updated to guard your privacy against cyber attacks.

- **Customized Scans** – Save time by scanning selected areas where known spyware programs are located – RAM, registry, hard drives, external storage devices, and optical drives.

- **Multiple Browser Support** – Choose Internet Explorer, Firefox, or Opera with expanded browser support.

- **Easy to Install and Use** – Effortlessly maneuver the complexities of malware detection and removal with Ad-Aware's user-friendly interface.

About Lavasoft AB

- Established in 1999
- Private company
- Headquarters in Gothenburg, Sweden
- 4,000 partners in over 120 countries
- Over 350 million Ad-Aware downloads worldwide

The Lavasoft Mission

The Lavasoft mission is to deliver high quality security software solutions that protect individual computer users and business networks worldwide from compromising and intrusive privacy threats.

The Lavasoft Vision

Our vision is that every computer user, regardless of economic status or geographic location, has the power to control their individual privacy and security. We strive to promote an environment of ethical change in the spyware industry to uphold our ideals of social and corporate consciousness.

"Long considered the grandfather of anti-spyware programs, Ad-Aware keeps getting better."

CNET

"I loaded your Ad-Aware Plus and within a few minutes my computer was free of malware, viruses and all the stuff keeping my computer from running like it should."

Carl (USA)
