### Valuable Marketing Data

Never Before Has a Contact Form Provided So Much Useful Marketing Data. Here is only a sample of the data BestContactForm.com provides with each web form submittal from your site:

- ✓ Learn the Actual Keywords people are typing in that Convert on your website.
- ✓ Know what Search Engines / Sources are driving Converting traffic to your website.
- ✓ Learn where your best Converting Geographical areas are.
- ✓ Build web forms with No Programming experience OR integrate your existing forms.
- ✓ Integrates with WordPress.
- ✓ Stop form spam with built-in Captchas.
- ✓ Archive all form submittals and exports via Excel.
- ✓ Crunch all of this data into useful marketing strategies with the amazing “Smart Zone”.

### The Smart Zone

You've Never Seen Anything Like This! The amazing “Smart Zone” even crunches all of this conversion data and provides valuable *marketing strategies and tips* to help market your products or services. Useful insight and suggestions like:

1. Recommended day parting schedules for your PPC Campaigns.
2. Geographical targeting tips for your PPC campaigns, print, radio and television campaigns.
3. Find those “long tail keywords” people are actually typing in and converting on your site.
4. Easily import those new keywords into your PPC campaigns in their correct match type.

### Robust Conversion Tracking

By using the Conversion Code on your Thank You page, you can close the gap in lengthy sales cycles (great for companies offering a “Try Before You Buy” product or service), track your online revenue and a lot more!

### Accurately Track Marketing Campaigns

Best Contact Form is so flexible and versatile, you can track your SEO Campaigns, PPC Campaigns, Email Campaigns, Link Campaigns, Newsletters, Press Releases, Affiliate Campaigns, Contests, Shopping Carts, etc ... You can even protect your client's “sensitive” data from our database by simply telling our system not to store certain fields of your forms!

At last ... a “Smart” tracking platform that gathers all of these important aspects (and more) of your Converting Traffic, attaches it to the form submittal itself, and puts it all in one, easy to get to screen – ready for “Smart Zone” crunching or downloading.
