Brett Ellen, CFP®

Brett S. Ellen, CFP® is the founder and president of American Financial Network. Often regarded as a visionary leader in the financial services industry, Brett has been successfully providing financial planning solutions to clients for nearly 25 years. The team at American Financial Network provides a highly customized approach to financial planning, wealth management, risk management and corporate benefit planning services.

As an independent company, American Financial Network offers a vast menu of financial products and services, unbiased investment advice and has the ability to partner with other accomplished financial service providers. The Financial Solutions Alliance, founded by Brett, offers more options and planning solutions for clients and as a result, American Financial Network has effectively grown to support both individual and corporate clients.

Over the years clients have put their trust in Brett and the AFN team to set up comprehensive financial plans focusing on key areas such as retirement planning, college planning, estate planning, tax strategies and insurance. Businesses have grown to rely on AFN for compensation and benefit planning solutions such as qualified plans and profit sharing plans, deferred compensation and other non-qualified plans, executive bonus plans, captives, key-man insurance and more.

Brett upholds a proactive hands-on approach to his practice, staying in-touch and involved with his clients and the communities where they reside. Consistently a top producer, he currently holds the title of Top Advisor for Securities America. Over the years he has been repeatedly recognized for his accomplishments as a financial planner, receiving awards for his leadership, commitment to excellence and outstanding client service.

Ellen believes strongly in giving back to his community. He and his firm actively support a variety of non-profit organizations. In 2008, the Muscular Dystrophy Association awarded Ellen the prestigious Humanitarian of the Year Award for his philanthropic endeavors and dedication towards making a difference. In 2001 he and his wife, inspired by their children, formed their own non-profit. TKOHelpingHands.org (Turn Kindness On) promotes community involvement and social responsibilities in young children. Brett also enjoys coaching his children's sports teams, playing basketball, traveling and is an active member of his faith community.
