**Subject:** Public Safety Committee

"The Public Safety Committee has received Councilmember Dennis Zine's motion requesting that LAPD modify Special Order 40, a policy which was adopted in 1979 by then-Chief Daryl Gates and has been upheld by every LAPD Chief since then.

This motion is being handled by the Public Safety Committee as any other motion requesting a policy change by LAPD would be.

Before any LAPD policy report comes to the Public Safety Committee, first it is presented to the Police Commission. Chief Bratton has said he is going to issue a clarification to Special Order 40 to eliminate confusion and ensure that officers understand the rule. He will make that clarification and present it to the Police Commission.

The Public Safety Committee will schedule a hearing on Councilmember Zine's motion when Chief Bratton has completed his review and presented his clarification of the policy to the Police Commission."

You can attribute this statement to me, Lisa Hansen, Deputy Chief of Staff for Councilmember Weiss.

thank you,  
Lisa
