Mind Over Machines Appoints Two New Senior Consultants

Sage Software Authorized Partner engages John Tourville and Robert Masters to build its consulting team.

Austin, TX—July 7, 2008—Mind Over Machines today announced the appointment of John Tourville and Robert Masters as senior consultants, working in the company's Dallas-Fort Worth location. Both consultants have extensive experience designing, implementing, customizing, and supporting business management software solutions, particularly Sage Accpac ERP and SQL applications, and will provide these services to Mind Over Machines' clients.

"Mind Over Machines is growing substantially, and in response we are adding to our consulting team," said Lloyd Smith, president of Mind Over Machines. "We pride ourselves on delivering exceptional service to our clients, and investing in our own staff allows us to continue to do that."

Mr. Tourville has worked with Sage Accpac for eight years, providing implementation assistance, technical support, report design, data conversion services, and operating system support for Sage Accpac users in the United States, Sweden, and Australia. He is a Sage Accpac Certified Consultant and has broad experience with Crystal Reports, Microsoft Access, and Visual Basic.

Mr. Masters is also a Sage Accpac Certified Consultant who has worked for and with a wide variety of small and mid-sized businesses providing consulting, project management, implementation, and technical support services. Mr. Masters has particular experience with manufacturing and eCommerce systems and administering SQL databases. He is certified through APICS (American Production and Inventory Control Society) in Production and Inventory Management, and serves as the organization's Vice President of Operations for the North Texas Chapter. Mr. Masters earned a Masters in Business Administration from the University of Texas at Austin.

"John and Rob are both high-caliber individuals with a great deal of experience," said Smith. "We continually seek out the best consulting minds to join our team, and are confident that the skill sets, creativity, and product expertise that these two gentlemen bring with them will benefit our clients and our organization."
