

Water Transportation Industry

Specialized Audit Services

The shipping industry plays a vital role in global trade however it is facing dramatic changes. Shipping companies are dealing with increasing global demand and many challenges when competing for new and existing customers.

How is your company handling the increased global demand and are you maximizing your profits?

Have thoughts of "IPO" to raise capital in U.S. and/or London markets been discussed?

How do you plan on complying with the regulations, laws, internal control and accounting standards that your company will now face?

Sometimes it is difficult facing these challenges alone. Vonya Global was built to help.

- Sarbanes-Oxley Compliance
- Pre-IPO Internal Control Assessment
- Due Diligence
- Outsourced Internal Audit
- Corporate Governance
- Enterprise Risk Management
- Business Process Improvement
