New RIGOL Digital Storage Oscilloscopes and Mixed Signal Oscilloscopes to be Distributed by Test Equipment Connection

Test Equipment Connection Corporation today announced the company has been chosen to sell new RIGOL digital storage and mixed signal oscilloscopes, digital multimeters and function generators. "The RIGOL 1000CD oscilloscope family brings the power of the Mixed Signal Oscilloscope to our customers without the budget to afford Tektronix or LeCroy Mixed Signal Oscilloscope's," said Lexie Moss, Sales and Channels Manager for Test Equipment Connection Corporation. "Prices for the RIGOL DS1000CD series oscilloscopes range from \$699 (25 MHz) to \$1,499 (100 MHz). A 200MHz and 300MHz RIGOL Digital Storage Oscilloscope solution is also available for less than \$2,000 and includes a 3-year warranty. RIGOL oscilloscopes offer fast sample rates of 2 GS/s on all models delivering excellent performance and value."

About Test Equipment Connection Corporation:
