

COVENANT FARMS

CANINE TRAINING FACILITY

MISSION FIRST - CUSTOMER ALWAYS™

Covenant Farms Canine Training Center (CFCTC) can provide a diverse range of canine acquisition and training services spanning the entire spectrum of canine capabilities for law enforcement, military and private security.

Our canines are selected from numerous vendors both in the U. S. and abroad. Once a canine is selected it is then trained for apprehension and imprinted in odor recognition using a variety of proven methods.

OUR SERVICES

- Single/dual purpose canines
- Patrol and apprehension
- Explosives Detector
- Narcotic detector
- Off-leash detection (IED distance detection)
- Tactical tracking (Combat tracking)
- Tactical training w/small unit
- Training courses for:
 - Handlers
 - Canines
 - Teams
 - Trainers

OUR HANDLERS

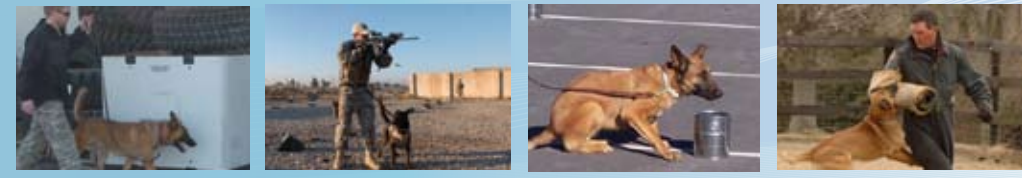

All of our handlers undergo a rigorous background screening and have a minimum of two years as either a military or law enforcement canine handler. Our explosive detector teams are certified biannually and conform to industry standards. All canines are certified utilizing an "odor recognition proficiency test" as well as an "operational/practical" evaluation.

OUR WORLD CLASS FACILITY

The facility, located just outside of the National Capital Region in Northern Virginia, can house and train student Trainers and Handlers on site. We also have a full service kennel within the CFCTF 22 acre site.

- Furnished bedrooms with work stations
- Fully furnished common area with satellite TV and internet access
- Functional kitchen and dining area
- Conference and classroom areas
- On-site kenneling

CANINE HANDLER CURRICULUM

All canine handlers that attend training at the Covenant Farms Canine Training Facility will be trained in the classroom, as well as with their canine at several of our off-site training venues.

Classroom portions of training will include, but not be limited to, the following:

- Canine first aid
- Canine liability issues
- Canine drives and behavior
- Ethics
- Record keeping, electronic and form
- Standardization and training
- Certification training
- Maintenance training
- Canine Survival Tactics

EXPLOSIVE DETECTION CANINE SERVICES

Covenant Homeland Security Solutions can provide trained and certified single purpose explosive detection canines. The dogs are imprinted and trained at Covenant Farms to detect at least 22 different explosives odors in five different groups. Many of these explosives are consistent with current data compiled by the FBI Bomb Data Center. Any canine produced at Covenant Farms can be tailor trained to locate any environmentally specific odor at the client's request. All EDD dogs are certified on the CHSS Odor Recognition Proficiency Test and operational/practical evaluation.

EXPLOSIVE DETECTION ENVIRONMENT

Covenant Farms offers a full range of operational facilities, vehicles and props for on-site scenario-based training located in the North Virginia area.

- Passenger vehicles
- Commercial vehicles
- Building interiors
- Building exteriors
- Open areas
- Luggage
- Packages
- Airline Freight carriers
- Aircraft
- Shipping containers
