# **PDACookbook™** Quick Start Documentation

#### Introduction:

PDACookbook<sup>™</sup> allows easy recipe management, meal planning, shopping list management, and more from any Windows Mobile handheld and Windows PC. This document provides information on the handheld software, as the PC software has its own complete help file system. You may want to print this document for easier reference.

#### Installation:

To install the software, download the setup file (usually PDACookbookPalm\_Setup.exe) to your PC. Then, double click the .exe setup file to start the PC installer. The installer will install the PC software first. When the software is first run after installing, the handheld software will be installed.

#### **Registration:**

The software is initially installed as a trial version. After purchasing, a 5-digit registration code is provided. This 5-digit code is entered in the blank area on the startup screen on the handheld or on the PC software from the Help / Register menu. Once the registration code is entered on either the handheld or PC, the registration code will be transferred to the other version when synced. The registration code unlocks the full version features. No additional installation is required.

#### **Getting Started:**

The following screens and descriptions explain many of the features in PDACookbook<sup>™</sup>. The software was designed to be easy and intuitive, so it will be easy to get started. This documentation will help explain some of the advanced features.

To start the software on the handheld, go to the Start menu. If PDACookbook is not there, go to Programs. Tap or select the PDACookbook icon to launch the program. Note that this document may specify a tap, which only applies to touchscreen devices. Smartphone users can navigate and select with the hardware buttons.

#### Recipe List Screen:

Upon startup, the list of recipes is displayed. From this screen, the user may scroll through the recipe list with the onscreen scrollbar or the hardware scroll buttons. Simply tap any recipe in the list to view the recipe's details or select the View Recipe menu item with the hardware buttons

The Actions... menu allows other menu choices to be selected:

*View Shopping List* – displays the shopping list items

View Menu Planner – displays meals and dates for items

added to the menu

Search Recipes – finds recipes matching certain criteria

*List All Recipes* – clears any search that has been done

PDACookbook	View Shopping List
Recipes - Listing All (12	View Menu Planner
100% Whole Wheat Bre	Search Recipes
24-Hour Lettuce Salad	List All Recipes
90 Minute Dinner Rolls	Add New Recipe
Albondigas	Edit Master Lists
Ale Bread	About PDACookbook
All American Meatloaf	Evit PDACookbook

	Back		Actions

Scroll the screen to see all of a recipe, including ingredients, instructions, and other information.

The Actions... menu allows other choices to be selected:

Add to Menu Planner – adds the recipe to the menu for a selected date.

Add All Ingr to ShopList – adds all ingredients for this recipe to the shopping list

*View Picture* – displays the attached picture, if any (see below)

Export Recipe to File – exports the entire recipe to a text file

View Equivalents - shows the list of equivalents

Copy Recipe – makes a copy (duplicate) of the recipe,

which can then be edited

Delete Recipe – deletes the recipe

Edit Recipe – allows the recipe to be edited (see below)

Pictures must be attached to a recipe from the PC desktop software. Once images are attached to recipes in the desktop software, they can be transferred to any SD or memory card. Specify your memory card drive letter in the Edit / Preferences menu item on the PC version. Use the File / Transfer Pictures to SD Card menu item to send all images to the memory card.

If the memory card is in the handheld, and the picture is found, the View Picture menu item will be enabled.

The best size for pictures to be viewed on the handheld is about 300 x 300 pixels in JPG format.

# Adding or Editing a Recipe:

#### Details Screen:

PDACookbook	abc 🏅
Name:	
Allison's Chicken Pot Pie

		Back		Actions

The Actions... menu allows other choices to be selected:

Edit Item – allows the selected item to be edited.

Add Item – adds a new item to the shopping list.

Delete Item – deletes the selected item from the list.

Delete Check – deletes all checked items from the list.

Clear List – removes ALL items from the list.

Export to File – exports and saves the menu to a text file.

## Searching Recipes:

PDACookboo	k		abc 🏋
Field:	Name		++
Contains:	beef		
Field:	Category		••
Contains:			
Field:	Ingredients		++
Searc	ih I	Cancel	

To search the list of recipes, select the Actions... Search Recipes menu item from the main recipe list screen. The Search Recipes screen at the left will be shown.

Enter any text (words in the name, categories, etc.) that should be used in the search. The type of search (AND or OR) can also be specified.

### PDACookbook Desktop:

The PC software includes all of the features on the handheld software, plus other features specific to the desktop software. Features available only on the desktop software include printing selected recipes, printing all recipes, printing the menu planner, printing the shopping list, importing recipes from MealMaster or MasterCook, exporting recipes in those formats, attaching pictures to a recipe, and smart ingredient paste - for easy ingredient entry from any text recipe (internet, text file, etc.). Consult the help file on the PC desktop software for further information on the desktop features.
