StockTrack Shareholder Accounting Software New Release Announced

Morris Plains, NJ, September 12, 2008 -- Figtree Consulting, Inc. released Version 11.2 of StockTrack Shareholder Accounting software today. Version 1 was released in 1989 and each subsequent release has added new features and provided enhanced ease of use.

StockTrack supports issuance and transfer of stock, printing of stock certificates, cash dividends (including generating NACHA files for direct deposit), dividend reinvestment, proxy, splits, and all related reporting as well as support for 1099 tax reporting. It is in use by stock transfer agents and self issuers, such as community banks, across the U.S.

Features in this version include additional functionality for annual meetings such as annual meeting sign in sheets; improved mail-merge capabilities; support for emailing proxy material; custom mailing labels; as well as the ability to encrypt federal tax ID's; improvements to shareholder and dividend investment statements.

Current licensees consider StockTrack the most complete and cost effective product available. They site ease of use, extensive feature set, reports on all aspects of shareholder accounting, flexibility, audit trails, reasonable pricing and great support as reasons they are happy that they selected and use StockTrack. Users report that StockTrack is "the easiest to use shareholder accounting software."

The more than 50 reports include stock ledgers, certificate registers, transaction reports; dividend and split reporting; statements; cash disbursements; insider ownership; dividend reinvestment; proxies and company overview of outstanding shares. Many reports are available as Excel spreadsheets as well as formatted reports.

Live feature demonstrations are presented weekly over the Internet – get a free invitation at http://www.stocktracksoftware.com/st_reg_demo.htm. Interested parties can contact Janice at Figtree Software, 973-539-9311 ext. 227 or by email to stock@figtree.com. A full version of StockTrack is also available for evaluation free at www.stocktracksoftware.com.

All StockTrack licensees who are current on software maintenance and support are entitled to the update.
