## **Bang Printing Acquires Delta Printing Solutions**

*Leading Midwest Book Manufacturer Expands Capabilities and Reach  
with Acquisition of West Coast Book Manufacturer*

*Brainerd, MN, September 12, 2008* – Bang Printing, a book manufacturer headquartered in Brainerd, Minnesota, announces the acquisition of Southern California-based Delta Printing Solutions.

The combined companies will take advantage of dual-facility benefits including plant load balancing, employee cross training and increased purchasing power. Bang Printing's Minnesota facility produces 10,000 titles each year. Combined with Delta Printing Solutions' output, this number will easily exceed 15,000. Together, the two facilities will employ 350 people.

**About Bang Printing:** Bang Printing is a 109-year old, two-facility book manufacturing company headquartered in Brainerd, Minnesota. Bang Printing features web and sheet-fed printing and complete bindery services including case binding, mechanical binding, saddle stitching, UV coating, foil embossing, die cutting and laminating. The company also offers fulfillment and storage in a new 100,000 ft. climate-controlled building. Bang Printing works with North American publishers of any size.

**About Delta Printing Solutions:** Delta Printing Solutions has met the book manufacturing needs of North American customers for more than fifty years. Located in Valencia, California, Delta Printing Solutions is the largest provider of books, manuals, catalogs, journals and directories in the Western United States. The company offers a wide array of prepress, printing, finishing and binding services with state-of-the-art technology and craftsmanship.
