

HOW MUCH STORAGE DO YOU NEED?

- Aberdeen Stirling Storage Servers
 - deliver vast and flexible expansion capabilities, without additional hardware
- Expand up to 128TB
 - with daisy-chainable JBOD units
- Scale up to 240TB
 - with Direct Attached Storage XDas boxes
- Quad Gigabit Ethernet Ports
 - featuring Aberdeen Teaming technology to increase network bandwidth
- Linux & Windows iSCSI NAS Available

Aberdeen's expandable storage servers provide a full spectrum of scalable, maximum capacity storage solutions for data backup, media sharing storage, content creation, streaming media, nearline storage, and post production. These servers feature high performance Quad-Core Intel Xeon processors and enterprise-level SATA drives providing over 1600MB/s internal transfer rates, while being robust enough to deliver storage up to 400TB of scalable storage without added controllers.
