### WHAT IS QUESTING?

Boda Borg is Questing, and a Quest is a series of thrilling challenges. Questing is real people surviving real journeys. Your team attempts to pass each challenge of the journey to complete the entire Quest and retrieve the reward and recognition waiting at the end.

Entering the new world of Boda Borg, you soon discover that raw strength and individualism won't get you very far. You need to think outside the box and work together to survive.

Both adrenaline and a spirit of cooperation build as time slips away and success or instant doom hinges on your next move! Cunning traps, intricate riddles, and hidden passages try to stop your progress. Everything explodes into a victorious roar and pride of achievement when a Quest is conquered.
