

## THE TOTAL HOLIDAY EXPERIENCE

The GTi group of companies, established in 1994, has gone from strength to strength with a well established portfolio of services provided from its base in Sandbank, Dunoon, Argyll, UK.

However, rather than resting on its laurels, the company has diversified even further, with the launch of its latest venture, Total Holiday Experience – THE, offering a wide variety of holidays, from city breaks in the UK, to action-packed sporting breaks in Europe's ski capitals and top golf resorts, with a variety of exotic dream destinations like Dubai, Thailand, Mexico and Mauritius also offered.

Iain Fleming, who heads up the friendly local team based at GT House in Sandbank, said, "In order to provide the very best deals and extensive range of options, THE is associated with the Global Travel Group, with access to its considerable industry knowledge and experience as well as over 400 leading and specialist holiday and tour operators.

However, one of the best things about THE is the fact that the customer can access these global benefits while enjoying the personal service provided by our staff. We want to provide a one-stop shop which will take care of everything and build on the excellent customer service standards already established by Gti."

### **Total Holiday Experience – Your Holiday, Our Guarantee.**

He added; "It's not just about delivering on price - although we do have some extremely competitive offers - it's about delivering a top quality service to our customers.

We have some very exotic holidays on offer, but we are also a local company employing friendly, familiar local faces who will be more than happy to help you find the holiday experience you are looking for.

The team with many years of experience under its belt, combined with the GTi reputation for looking after its clients, can deal with all of your holiday requirements from 'off the shelf' holidays to individually-tailored holiday tours and packages.

Each member of THE staff has undergone extensive training and achieved industry qualifications, with ongoing professional development to keep abreast of the latest industry developments.

Another big development has been our new state-of-the-art website, [www.TotalHolidayExperience.com](http://www.TotalHolidayExperience.com) where visitors can find a vacation package or offer which suits their budget but also delivers the dream holiday they are looking for."

Iain continued, "Our clear message on what makes THE different is that we will search high and low to find the ideal holiday package for you at the very best price.

Unlike many high street travel agents, THE is not affiliated to any individual tour operator, and can provide a full range of travel services including flights, accommodation, insurance, car hire, parking and excursions.

Our aim is to provide a truly impartial holiday service that meets your personal needs. We are big enough to count but small enough to care - remember, your total holiday experience is out there, and we can help you make it happen!

To give you a flavour of THE, here are three great holidays currently offered on our website;

We have a midweek break on offer at DeVere's 5 star luxury Cameron House on the banks of Loch Lomond.

Play Golf on the 18 hole Championship course, cruise the loch, visit the Spa & roof top pool, and choose from four fantastic restaurants.

We have a great China Tour offer with 27 days, fully inclusive, flying from UK via Hong Kong and returning via Singapore.

Visit the Garden cities of Suzhou and Hangzhou, take a Yangtze cruise, and visit the Great wall and Chengdu's Pandas. What a great adventure..!

or,

We can build your custom Australia and New Zealand vacation.

Fly from the UK to Auckland via Tokyo, tour New Zealand then fly to Sydney, explore Australia and return to UK via Singapore, lots of great options for your Total Holiday Experience".

All bookings made through THE are fully bonded and protected by the appropriate industry safeguards - Global Travel Group holds an ATOL (Air Travel Organiser's Licence) and is a member of IATA (International Air Transport Association).
