**In a World of Puzzling Options,
Choosing the Right Solution
Makes the Difference.**

**Make BCM
Your Nearshore Solution.**

BC Manufacturing

Why BCM?

Simply, with increasing competition, and the need to lower costs, BCM is your nearshore solution for growth. With more than 20 years of experience, BCM gives both large and small companies a competitive edge in the North American marketplace through outsourced manufacturing, assembly, fulfillment and HR services -- at a lower cost, but with world-class engineering and quality.

More than a Shelter, a Partner for Growth

BCM helps your company increase its competitive edge with our unique package of nearshore services that include:

Manufacturing/Assembly Administration Services that provide companies with an integrated solution based on lean manufacturing principles and continuous improvement; as well as administrative support to help companies grow their operations in Mexico -- while reducing potential liabilities, avoiding start-up complications and making full use of tax incentives and trade agreements;

Logistics & Fulfillment through a strategic alliance with a leading Mexico-based third-party logistics company, BCM handles not only all transportation, customs, warehousing, and delivery needs -- but also light assembly and fulfillment services as well; and

Human Resource Management through our established training partnerships with universities and vocational schools, ensuring a supply of skilled engineers, machinists, and technical staff. In addition, BCM's legal structure in Mexico also provides companies with additional workforce management options through outsourced HR services.

Flexible Manufacturing & Quality Certifications

Our experience and quality speak for themselves, as do our efforts to provide customers with world-class manufacturing options, including BCM's strategic alliances with contract manufacturers, as well as our achievement with securing ISO and other quality certifications.

About BCM

With more than twenty years of experience in Mexico's maquiladora industry, BC Manufacturing provides a quick and easy means for businesses to access the benefits of nearshore and offshore manufacturing and assembly -- without incurring the costs and risk of establishing an offshore operation or hiring employees.

Through our US-based operation (BC Manufacturing USA), and our Mexico-based staff at BC Manufacturing S de RL de CV, our team's manufacturing experience provides cost-saving solutions for **aerospace/defense, automotive, biomedical device, electronics, and semiconductor sectors**; as well as **basic assembly, packaging, order fulfillment, and outsourced employee management**.

In a World of Options, Choose the Right Solution - Choose BCM

Helping our customers succeed in the global marketplace is our driving mission -- understanding their needs and helping them grow is our commitment. That's why companies both large and small have chosen us as their nearshore partner. Whether it's outsourced manufacturing, assembly, fulfillment or HR services, contact BCM today for a no-obligation quote.
