

Foreclosure Listing Service, Inc. has specialized in real estate foreclosure information and services since 1963. Although headquartered in Addison, Texas, the firm currently has research teams located in the Dallas/Fort Worth Metro, the Austin Metro, and the San Antonio Metro.

Directed by George Roddy, Sr., the company's research teams monitor foreclosure activity in 19 Texas counties, post-bankruptcy alerts in 60 Texas counties, and REOs (real estate owned properties) across the whole State of Texas.

The firm's web-based products and services include the following:

- Foreclosure Posting Lists (covering both residential and commercial properties),
- Foreclosure Auction Results Lists (also known as the Struck Off List),
- Commercial Foreclosure Posting Lists,
- Unsold Auction Properties Lists,
- Sheriff's Sale Lists,
- Post Bankruptcy Alert Lists,
- Statewide REO (real estate owned by lenders) Database,
- Property Analyzer Pro (investor's tool for getting comps and analyzing investment potential of property), and
- *CityView* (a quarterly report examining residential foreclosure activity on a city by city basis, as well as on the county level).

Foreclosure Listing Service, Inc. also offers a curriculum of real estate investment education courses designed for new investors, seasoned investors & Realtors®. This includes the acclaimed "*How to Buy*" *Foreclosure Properties* training seminar.
