CS3 Technology Named a Technology Pacesetter for 2008

Leading supplier of HRMS and ERP solutions, CS3 Technology, recognized by Accounting Technology magazine for the third time.

Tulsa, OK—February 2, 2009—CS3 Technology, a leading professional services firm, is proud to announce that it was honored with the Technology Pacesetter 2008 award by Accounting Technology magazine. The magazine gives this award each year to 100 organizations that provide financial midmarket applications. This marks the third time in four years that CS3 Technology has received this recognition. CS3 Technology is a Sage Authorized Partner that provides ERP and HRMS solutions to small and mid-sized businesses.

The goal of the Pacesetter award is to honor firms of quality that carry accounting software as the central part of their product line regardless of the size of the firm. Vendor awards factor strongly into the selection process, and CS3 Technology was named to both the prestigious Sage President's Circle and the Sage Million Dollar Club for 2008 in recognition of outstanding sales volume in the Sage MAS 90 ERP product family. Out of more than 3,000 Sage Authorized Partners, CS3 Technology is one of fewer than 40 that received this year's Pacesetter award.

"Pacesetters are selected for a wide range of criteria, such as substantial growth, their leaderships' influence and involvement in the accounting software community, and recognition from the companies whose software they market," said Robert Scott, editor of Accounting Technology. "All of these factors help us recognize quality businesses, regardless of size."

"This award is a credit to our team of professionals who consistently deliver quality software solutions and services to our clients," said Gary C. Crouch, president of CS3 Technology. "We're proud to be in the company of other technology firms that share a similar commitment to quality."

The names of all 100 organizations were published in the December 2008 issue of Accounting Technology and can be accessed at <http://www.webcpa.com/article.cfm?articleid=29924&pg=ros>

About CS3 Technology, formerly Crouch, Slavin & Company
