

Duinick Golf is an award-winning golf course construction company with nearly 100 years of heritage, totally focused on fulfilling your most ambitious project. Working with some of the finest names in golf and on some of America's most recognized courses has given us the experience we need to take on your greatest challenge.

Duinick Golf has the great fortune of combining the resources of a large, national company with the agility of a small, independent team of dedicated managers. Our crews are devoted to Golf and passionate about their craft, and enjoy the expertise of a permanent and ready team of construction, drainage, process management and engineering professionals at their fingertips. Whatever the demands, they're equipped to exceed expectations.

Formidable terrain, tight timelines, and complicated bureaucracy bring out the best in us. Whatever your challenge, Duinick will do it.

WHERE INNOVATION  
& TRADITION MEET

## COURSE RESTORATION

*"Tom Lehman on our project - 'The North Oaks renovation turned out wonderful - thanks in part to the detailed work by Duininck Golf. They are the best contractor we have ever worked with.'"*

*- Brad Schraut, President - North Oaks Golf Club*

Even the most beautiful courses by the most celebrated architects ultimately require modernizing to meet the standards of today's play. Experience counts when undertaking this delicate work, understanding how to preserve the original vision while upgrading play.

The Duininck Golf team understands how to tread lightly as they cut deep, practicing their craft to bring your course back to its former glory, and into its own, in record time with minimal disruption.

## COURSE RENOVATION

*"In preparation for the 2008 Women's US Open, we needed a contractor for our driving range that could deliver high quality work in timely manner. It's beautiful and I can maintain it to stay that way thanks to Duininck Golf."*

*- Matt Rostal, Superintendent - Interlachen Country Club*

If your course needs major changes, or even a minor one to stay on top, Duininck Golf has what it takes to do the right thing for your course. We have the experience, and we understand the imperatives of keeping your course operating for as many days as possible.

More than just doing the job, our experience helps us engineer your plan for maximum time and cost savings as well as for sustainability, from using native plants to using available materials in innovative ways.

Challenging plans and schedules, difficult terrain—if it seems impossible give us a call. Duininck can do it.

## NEW CONSTRUCTION

*Meadows at Mystic Lake - An incredible new 18-hole course that met the needs of the tribal interests and the community.*

For your new course, you require a partner who will deliver seamlessly, meeting any challenges from timeline to terrain, tenaciously working to make your dream into 18 holes of splendor.

Duininck Golf can do it. We take the resources of a national construction company with nearly 100 years' experience in a variety of construction techniques, temper it with the agility of an independent operator, and we make it yours. Focused entirely on your goal to see it through.

*"The best projects – delivered on-time, on-budget and on-expectations – for us it is a matter of family and professional pride."*

*- Judd Duininck*
