Terrell & Terrell, CPAs, LLP Partners with SpeedTax to Deliver Sales Tax Solutions

Clients benefit with peace of mind from SpeedTax's Software-as-a-Service (SaaS) simplicity, cost effectiveness, and maximum audit protection

Dallas, TX – February 20, 2009 – Terrell & Terrell CPAs, LLP, a leading professional services firm specializing in Sage Accpac ERP, is pleased to announce a business partnership with SpeedTax, Inc., a provider of Software-as-a-Service (SaaS), fully-automated sales tax management solutions. Through this partnership, clients will be able to take advantage of SpeedTax's affordable and robust sales tax automation solution.

With over 13,000 taxing authorities across the country, thousands of rule and jurisdiction boundary changes every year, and a host of business-specific exemptions, exceptions and variations, sales tax compliance is an operational burden and distraction to a client's core business. SpeedTax automates this process by relieving the most tedious sales tax functions – researching, calculating, reporting, filing, and remitting sales taxes, while significantly reducing their exposure to audit risk.

“Our desire to help our clients be more successful and grow their business led us to SpeedTax,” said Brian Terrell, CPA and founder of Terrell & Terrell. “We are committed to offering solutions that automate processes, streamline workflow, and promote success. SpeedTax fits those criteria perfectly.”

“We are very pleased to be partnering with Terrell & Terrell,” said Anton Donde, SpeedTax CEO.

“Businesses are choosing SpeedTax for the maximum audit protection it delivers in an increasingly changing regulatory environment, as well as for the ease of use, affordability, and accuracy of our service. We look forward to helping Terrell & Terrell's clients achieve the cost savings and peace of mind that SpeedTax affords them.”
