Dial Love is an extraordinary "Planetary Guide" for those on the spiritual path. It has a very gentle tone, while remaining clear and to the point. Dial Love covers numerous topics ranging from prayer and forgiveness to feelings and universal laws but more importantly it does a remarkable job in presenting the answers to many of life's questions if we would merely choose to "make the call."

—*Dr. Michael Mirdad, author of Sacred Sexuality: A Manual for Living Bliss and The Seven Initiations Of The Spiritual Path.* www.GrailProductions.com

Dial Love: funny, provocative, insightful. Donna Lynn presents an enjoyable and entertaining doorway into enlightenment

—*Rev. Christine Jefferson* www.reikihealing.ca

This book is very comprehensible, written as if from the word of a father to his child. The lessons are true, candid, loving, full of teaching and poignant. Dial Love sits beside my bed as part of my collection of spiritual readings that I have come to rely on as part of my meditation before retiring for the evening.

—*Bobbie Flatt, Marketing and Event Specialist*

The words in Dial Love are really helping me advance in matters dear to me. Thank you for writing this book. It is an exceptional read.
