

WHAT'S IN YOUR DRAWER?

WeNeedGold.com Pays up to 3x More for Gold Than 4 National Gold Buyers Study Finds

Not Every Gold Buyer Is The Same

We sent identical gold chains to several nationally advertised gold buyers and we were shocked at the results!

Not only were we stunned by their low payment, but we couldn't believe the games they played that most sellers are unaware of until it's too late.

- Some sellers make you pay to get your gold items back when you reject their offer - ***Not WeNeedGold!***
- Some sellers make you give up your right to reject their offer when you choose direct deposit. You're forced to accept whatever they want to give you. - ***Not WeNeedGold!***
- Some sellers grossly underpay you in hopes you won't complain - ***Not WeNeedGold!***
- Some make it nearly impossible to return their check in the required time to reject their offer - ***Not WeNeedGold!***

We don't play games! You get our top dollar offer, the ability to reject our offer *BEFORE* your payment is issued, and we'll send back your items at our cost if you are not satisfied!

The Proof

We sent identical 2.4 gram, 14K gold chains to GoldKit, GOLDPAQ, Cash4Gold and MyGoldEnvelope. The table represents what they paid and what we would have paid based on the gold price the same day it was processed at each company.

	Their Payment	WeNeedGold Payment
GoldKit	\$4.80	\$14.99 (over 3x!)
GOLDPAQ	\$4.98	\$14.94 (3x as much!)
MyGoldEnvelope	\$5.26	\$14.69 (almost 3x!)
Cash4Gold	\$7.25 includes *5% Bonus*	\$16.06 (over 2x!)
