### Drexel University Launches an Online Degree in Property Management

Philadelphia, PA (PRWEB) – March 19, 2008 - [Drexel University Online](#) has added a new online program to its offerings, the [Master of Science in Property Management](#), from Drexel's Goodwin College of Professional Studies.

Drexel's property management program is designed to meet the needs of today's property manager. The role of the property manager has evolved from simply handling day to day challenges to being actively involved in strategic leadership. Today property managers are responsible for thousands of tenants and units, millions of rent dollars, hundreds of employees and multi-million dollar investments. Understanding the changing landscape of the property management industry, Drexel University provides a new online Master of Science in Property Management degree that will provide professionals with the skills needed to be successful in this challenging and multi-dimensional field.

[Drexel Online](#), the only major university in the Northeast to offer this premier program, stresses strategic decision making in every course and provides students with interactive, experiential learning opportunities involving research and analysis. Students have the opportunity to review and analyze best practice cases in all aspects of the profession and to discuss the latest strategies with industry leaders. Unlike schools that offer real estate courses or programs in real estate concentrating on finance, law, or development, Drexel Online offers a degree program solely focused on the needs of the property manager.

Drexel Online's property management program is intended for working professionals and provides students with 24/7 online access to class materials, group discussion, instructor feedback and exams. All of Drexel's online programs, including the Master of Science in Property Management, are taught by the same world-renowned faculty as the on-campus program. We're very proud to offer our students the outstanding Drexel curriculum within this convenient online format," said Dr. Kenneth Hartman, academic director for Drexel University Online

Applications for Drexel's [Master of Science in Property Management](#) are now being accepted. For more information, visit Drexel's online degree website, e-mail [info@drexel.com](mailto:info@drexel.com), or call (877) 215-0009.
