## JobOps Announces Enhanced Field Service & Dispatch in Version 4.3, Release 2

**Minneapolis, MN, April 1, 2009**—JobOps, a Job Management Software solution developed for Sage MAS 90 and Sage MAS 200 ERP systems, announced today that it has released an enhanced version of its Field Service & Dispatch powered by JobOps module in JobOps Version 4.3, Release 2.

## Field Service & Dispatch powered by JobOps Enhancements:

- Custom Office Integration allows the end-user the ability to add user-defined fields to track specific information
- Enhanced field service scheduling lets a technician's time and work locations be scheduled for greater control and productivity of resources
- Integration to Sage Sales Tax module
- Customizable dispatch board gives better views of customer information and work to be performed

JobOps also supports Sage Software's Extended Enterprise Suite that combines financial, operational, customer relations and business intelligence applications that seamlessly connect customer-facing processes with back office data.
