## FLUXX

This Mensa Select Award-Winning game is taking over the world! There are now over a half-million copies of this rule changing card game in play. Fans keep coming back because it's always fun and interesting. The card back for each version of Fluxx is identical. Players can mix and match from their favorite decks to create even more fun.

## ZOMBIE FLUXX

Open a box and enter the dark side of the award-winning card game Fluxx. Crank up the fun as you face a rampage of brain-eating, shuffling Zombies in the form of Creeper cards. Their rigor-mortis-like movements will keep you from winning until you outsmart them. Grab a Chainsaw or Shotgun from the deck and cause your own rampage to win...if you can. Zombie Fluxx is the winner of the Origins Award for Best Card Game of 2007! Huge fun in a compact package.

## MONTY PYTHON FLUXX

And now for a hilarious new way to have fun – Fluxx has joined the merry knights from *Monty Python and the Holy Grail*. You can help King Arthur and his Knights find the Holy Grail, or bring a shrubbery to the Knights who say Ni. Lob the Holy Hand Grenade at the Killer Rabbit. But do it quick before the goal changes again. It's sure to become your top-selling geek game.

## TREEHOUSE

Winner of the Origins Award for the Best Board Game of 2006. Treehouse is an ingenious little game where players face-off with 15 nesting and stacking colorful pyramids. This abstract strategy game is interesting enough to keep adults challenged yet visually intuitive enough to be played by 5-year olds.

Each game lasts only 5-10 minutes, but you'll want to stack them again and again each time someone wins. Choose from 2 color sets:

Rainbow (red, green, yellow, blue, and black). Xeno (purple, orange, clear, cyan, and white.)

You can stack a lot of games with our 6 1/2" x 1" packaging. Perfect for pegboard displays too!

## PINK TREEHOUSE

In this exciting new edition of Treehouse, the pyramids are pink. It's the same award-winning game now packaged in our portable-sized 3.75" x 5" card game box. Every 6 games come in an eye-catching countertop display. Five percent of all proceeds will be donated to the fight against breast cancer. Play to win now has a whole new meaning!
