![VisiStat — Where Clicks Convert.®]

# Track your client's Websites. Prove your value.

VisiStat offers a fully-hosted (Software-as-a-Service) analytic solution that you can deploy to your clients--at wholesale prices to you. And, with our private label option, you can brand the reporting interface with your own corporate identity and seamlessly connect it all into your existing applications.

Our program offers you:
- Full-featured online administration
- Volume and wholesale pricing
- Additional revenue opportunity to increase your ROI
- API interface to connect your network to VisiStat
- Private Label option for complete branding of all tools and reports

## The Top 10 Reasons to Choose VisiStat

- Real-time reporting
- Presentation-ready reports
- Geographical visitor tracking
- Maximized marketing for increased ROI
- Search Engine Optimization reports
- Captured keyword usage
- Optimized Pay-Per-Click spending
- Identified exit pages for reduced site abandonment
- Increased Website efficiency & performance
- Better educated decisions about customer needs

## You can't *manage* what you don't *measure*!
