

## Turn Your Website into an ROI Machine!

VisiStat is a suite of powerful, easy-to-use Website tracking tools that provide lead generation, and measure the effectiveness of your Website performance, from pay-per-click & online marketing to search engine optimization. Real-time & presentation ready...no experience required!

### LeadCaster™

"Caller ID" for your Website.

Identify companies that visit your Website and get their business addresses, phone numbers, e-mails, Web addresses and more!

Create Watch Lists and Alerts to manage prospects, customers, and pesky competitors.

### AdCaM®

Stop the Marketing Madness!

Track the responses to your online advertising, pay-per-click, newsletters, press, banner ads ...any online ads, marketing or promotions.

Track bounce and conversion rates, pass order information, and more, all in real-time!

### SEO Analyzer

Stop Guessing, Start Ranking.

Monitor and manage all of your Search Engine Optimization efforts with one powerful, easy to use, suite of tools.

Make SEO, SEM, page rank, search & keyword strategies as easy as 1-2-3.

### PageAlarm®

Get your site's 911 call

Monitor your Website 24/7 and be alerted through either e-mail or text message, whenever it becomes unavailable.

Be the first to know when there is a problem - don't wait to hear it from your customers!
