

FORMULA X51

FEEL GREAT AGAIN

A MODERN MEGA-PROBLEM Today's life is faster than ever, filled with constant change, uncertainty and stress. It often results in a sleep-deprived, stressed, and depressed population. Consumers spend a mind-boggling \$80 billion annually to fight these symptoms through prescription drugs, energy drinks, coffee, etc. However, these so-called solutions aren't combating the problem; they're compounding the problem. But millions of people are searching for natural, healthy alternatives to this lethal lifestyle.

A Timely Solution: Now XanGo offers the answer. X51 is a scientifically studied blend of four proven ingredients precisely formulated to restore your body's natural balance, helping you feel cheerful, alert, resilient, vigorous, youthful.* This unique proprietary formula, found exclusively in X51, helps to provide the much-needed balance our bodies need and the feelings of well-being we crave. What's more, it does so without unnecessary caffeine, sugars and other stimulants already so common in our everyday lives.

Sound Science: XanGo has partnered with leading nutritional biochemist Dr. Shawn Talbott, Ph.D., past Director of the University of Utah Nutrition Clinic, to bring this revolutionary new product to market. Dr. Talbott is a renowned expert in human performance, stress physiology, and using natural products to enhance well-being.

Several human clinical trials have been conducted on the ingredients and formulation in X51. The research has shown significant improvement in all measures of vigor including energy, alertness, and cheerfulness. These studies have been presented at eight top scientific conferences in the world. A number of published studies also support the benefits of each active ingredient.

FEEL GREAT AGAIN WITH FORMULA X51

XanGo proudly introduces a new category-creating product designed to complement XanGo® Juice in supporting natural vigor, a scientific term that describes a balanced state of physical, mental, and emotional well-being. Using a powerful patent-pending formula, the product provides sustained physical energy, mental acuity and emotional well-being.* And the best part is that it does so naturally. Once you try it, you may be tempted to term it the "feel great" supplement. Since we're still in the pre-launch phase and don't have an approved name yet, we simply term it Formula X51.

The Measure of Well-Being: A person's "vigor score" can actually be measured through a scientifically-validated "Profile of Moods States" (POMS) survey. Hundreds of X51 users have taken this easy, accurate survey prior to using the product, then again within 1-2 weeks after starting the product. The results are overwhelmingly convincing, showing significant increases in emotional well-being and overall vigor and equally significant decreases in tension and fatigue.

"I noticed literally within hours that I had much more energy and it lasted all day, with no crash whatsoever. Even when I have less sleep than my usual, I have the ability to wake up with a clear mind, and the energy I need to start my day." — William Robbins

"I certainly have noticed results from the product, more so on several occasions when I forgot to take it. On the days I forgot to, I would be dragging or needing a nap by about 2 in the afternoon. On the days when I was consistently taking it in the morning, I would breeze through the day quite full of energy until close to midnight ... and I'm a mom of six young children!" — Heidi Welch

VIGOR EXPERIENCE FROM WEEK 0 TO WEEK 1

VIGOR INCREASE 82%

Trigger Your Vigor Today!

Visit www.xango.com/X51 to find your "vigor score," order your 7-day product sample and get ready to experience the best week of your life.
