## FOR IMMEDIATE RELEASE

### Angel Lola Luv and Who? Wow, I Don't Believe That...

[Washington, DC, July 27, 2009] /MJEnt. News/ ----- What would we do without our modern day 'blogging' phenomenon? It renders such entertainment. Good, bad or indifferent, gossip sites are spewing with facts, fiction (mostly fiction), and everything in between. It seems the rumor mills are all in love with one of the most desired model/video-vixens in the industry, Ms. Angel Lola Luv aka Lola Monroe. Everywhere you turn Ms. Luv is gracing countless magazine covers, featuring in music videos of top hip hop artists, and now branching out as a new rap diva. Teaming up with the undisputed mixtape giant Dj Fletch, she debuted a new mixtape this month, lyrically airing out the rumors and smacking the haters.

Speaking of rumors, one of the notable 'encyclopedias' of celebrity chitchat reported recently that Ms. Lola was in a heavy romance, a deep love affair with hip hop's swagger-man Souljaboy Tell Em after spotting them hanging out several times. Well, sorry to disappoint the blogs, however Souljaboy Tell Em and Miss Angel Lola are simply friends. ***"Souljaboy and I are not dating. We recorded a song together for our mixtape projects and have a mutual artist to artist respect for each other. He's a cool guy, but right now I'm more focused on upcoming films and my new album"***. Angel is currently working in the studio with several top named producers preparing for her debut album release in 2010. So lucky for all of you fellas, Ms. Luv aka Lola Monroe is still single while making major moves. Did we mention Ms. Luv is making her big screen appearance starring alongside 50 Cent in the highly anticipated movie "Before I Self Destruct"? *Um huh!*

Nonetheless, ode to the blogs – keep the buzz going! The new mixtape *"Bo\$\$ Bitch's World"* is smoking (as mentioned in XXL, Hip-Hop Weekly, World Star Hip Hop, and on Sirius Satellite Radio)!! Make sure you pick up a copy and see what all the chatter is really about - currently exclusive in all DTLR stores. ([www.lola-luv.net](http://www.lola-luv.net))
