<b><i>The Photographer's Guide to Silver Efex Pro™</i></b>	<b><i>ii</i></b>
<b><i>Acknowledgements</i></b>	<b><i>viii</i></b>
<b><i>About this Book</i></b>	<b><i>ix</i></b>
<b><i>Chapter 1: The Power of Black &amp; White Images</i></b>	<b><i>11</i></b>
Components of Black and White Images	11
Requirements for a Good Black and White Conversion tool	14
Organization of this Book	15
<b><i>Chapter 2: Welcome to Silver Efex Pro</i></b>	<b><i>17</i></b>
The Silver Efex Pro Interface	17
Interface Tools	21
Video: Welcome to Silver Efex Pro	26
<b><i>Chapter 3: Setting Global Image Parameters: Tone and Structure</i></b>	<b><i>29</i></b>
Preparing Images for Conversion	29
Opening an Image in Silver Efex Pro	32
Adjusting the Global Tone Curve	32
Adjusting Brightness and Contrast Sliders by Eye	33
Direct Tone Curve Adjustment	33
Using the Zone System Map to set the Tone Curve	36
Example: Setting Black Point with the Zone System Map	38
Example: Setting White Point with the Zone System Map	39
Example: Setting Midtone Values with the Zone System Map	40
Using the Histogram to Set Tone Curve	41
Example: Inverting an Image with the Curves Tool	42
Example: High-key Effect	44
Example: Low-key Effect	46
Structure	48
Video: Tonality Controls	50
Video: Using Tone Curves	50
Video: The Zone System Map	51
Video: Structure	51

---

<b>Chapter 4: Tonal Relationships I: Color Filters</b>	<b>53</b>
Basics of Color Filters	53
Color Filters in Silver Efex Pro	53
Color Filter Controls	53
Examples: Color Filter Presets	54
Modifying Color Filter Effects	57
Real-world Application of Color Filter Effects	57
Video: Color Filters	61
<b>Chapter 5: Tonal Relationships II: Control Points</b>	<b>63</b>
Using Control Points	63
The Control Point Module	64
Control Point Sliders	65
Example: Creating Tonal Separation	66
Example: Dramatic Sky	68
Example: Fill Lighting	70
Example: Subject Isolation	72
Video: Control Points Part 1	74
Video: Control Points Part 2	75
<b>Chapter 6: Film Effects</b>	<b>77</b>
The Film Types Module	77
Film Presets	78
Grain Tool	88
Sensitivity Controls	90
Example: Infrared Film Effect	91
Video: Film Types Module	92
<b>Chapter 7: Stylizing Effects</b>	<b>95</b>
The Stylizing Module	95
Toning Controls	95
Toning Presets	98
Example: Creating Mood with Toning	110
Vignette Controls	112
Burn Edges Tool	115
Example: Using the Burn Edges Tool	116
Video: Stylizing Module	118

<b>Chapter 8: Using Style Presets to Optimize Workflow</b>	<b>121</b>
Accessing Style Presets	122
Applying a Style Preset	122
Default Style Presets	122
Examples of Silver Efex Pro Style Presets	123
Creating Custom Style Presets	152
Modifying Style Presets	154
Marking Favorite Presets	155
Video: Style Browser	156
<b>Chapter 9: Using Silver Efex Pro in Different Applications</b>	<b>159</b>
Using Silver Efex Pro in Aperture	159
Using Silver Efex Pro in Adobe Photoshop Lightroom	162
Silver Efex Pro and Adobe Photoshop	164
Applying Silver Efex Pro Selectively	166
Example: Selective Color	167
Applying Selective Effects with Traditional Layer Masks	170
Selective Effects in Photoshop Elements	171
Advanced: Using other Selection Tools in Photoshop to Improve Accuracy	172
Selective Application of Silver Efex Pro with Smart Filters	174
Advanced: Multiple Smart Objects in the Same File	175
Summary: Silver Efex Pro Workflow Options	178
Video: Selective Tool	179
Video: Smart Filters and Smart Objects	179
<b>Chapter 10: Examples and Techniques</b>	<b>181</b>
Example: Dramatic Landscape	182
Video: Dramatic Landscape	187
Example: Traditional Portrait	188
Video: Traditional Portrait	195
Example: Old-Time Portrait	196
Example: Abstract Image	204
