“DECISION”: Book Two

Book Excerpt

PSALM 23: “He leads me beside the quiet waters.” *Are you ready to be led by the Good Shepherd? He has prepared quiet waters and for our refreshment and thirst.*

“**Decision**” covers Steps 4, 5, 6 and 7 and shows the importance of placing God in the center of your life to lead and influence true success in recovery and healthy living. Exercises, self-assessments and journaling make the workbook incredibly practical.

Author’s Notes: In my early recovery I moved back to my home town and closer to my family, all the people who I had avoided during my alcohol and drug using years. I made this move because God had opened the door for a job transfer with the United States Post Office. In retrospect I see that God handpicked the specific Post Office and time of that move, but back in 1987, I was a beginner in my spiritual walk so I stepped through the door that opened and hoped for the best. I was pretty beat up physically, emotionally, mentally and spiritually. God made me lay down in the green pastures and boy did I need the rest. In my DECISION to follow my Shepherd He lead me to quiet waters and had me really take an honest look at myself.

Step 4 – We have made a decision to make a searching and moral inventory of ourselves.
