Increased Opportunities with Shift in Policies to Maintain Energy Security

Vietnam is keen to revitalize its energy industry. With vast reserves, the country is striving towards open policies to boost the development of its oil & gas industry.

Exploration success is on the rise, with a recent discovery of the country's largest gas field off the Northern Coast. Downstream sectors are looking up as the nation's 1st refinery Dung Quat starts commercial production and the 2nd refinery in the construction stage. Power demand is expected to surge 15-20 % annually, as the government urge investments to propel its power infrastructure & resources – from coal to alternative energy.

CMT's **12th VOGP** is the annual event to deliver the latest updates & insights evoking Vietnam's energy sector.

You Will Network With

- CEOs • Presidents • GMs
- Business Development Directors
- E&P Directors • Downstream Directors
- Executives & Traders from Leading Oil & Gas & Petrochemical Companies
- Government Officials • Power Producers • Coal Producers & Traders
- Energy Consultants • Additives and Catalyst Companies • Project Financiers
- Storage & Terminal Companies
- EPC Companies • Legal Counselors
