It's All in One Box!

Everything and More in a POS Printer

The low-cost, high-quality thermal POS printer available today with ALL accessories and software included.

Introducing the TSP100 *futurePRNT*, the first all-in-one receipt printer. Yes, all the parts and software are included in one box. To get you setup quickly, we've included an internal power supply, interface and power cables, complete mounting kits and a paper roll.

To bring you the future of receipt printing now, we're also including a full set of software utilities. Redesign your receipt without modifying your application. Add your logo. Add coupons. Preview receipts and enhance bar codes. Included operating system drivers allow for 'Plug & Play' automatic installation.

But setup is not the only fast part. The TSP100 *futurePRNT* is a fast printer.

So reset your expectations. Demand everything from your receipt printer. Visit www.starmicronics.com to learn more.
