VeteranOwnedBusiness.com Reaches 2,000 Members

Leading free directory of businesses owned by United States military veterans, active duty military, reservists and service disabled veterans surpasses the 2,000 listing mark

Melbourne, Florida – Military veterans who own and operate businesses around the United States continue to flock to VeteranOwnedBusiness.com, one of the leading directories online for veteran owned and service disabled veteran owned businesses.

VeteranOwnedBusiness.com is a comprehensive directory of businesses throughout the United States owned by veterans, active duty military, reservists and service disabled veterans of the Army, Air Force, Marines, Navy, Coast Guard and National Guard. VeteranOwnedBusiness.com was released online on Veteran's Day 2008 and has already received over 250,000 visitors and nearly 1.5 million page views this year alone. Site users come from all walks of life and include procurement specialists from government agencies as well as purchasing people from small businesses all the way up to Fortune 500 companies. The easy to use interface also allows the average consumer as well as fellow veterans who wants to show their support for our country's military heroes a quick way to search for products and services that are all unique in the fact that they are made by, serviced by and/or sold by United States military veterans.

"This marks a significant milestone for VeteranOwnedBusiness.com," said Brian K. St.Ours, VeteranOwnedBusiness.com's Founder and President. "Our team has been working tirelessly for nearly a year to reach as many veteran owned and service disabled veteran owned businesses as possible so we can hopefully help keep some from shutting their doors during these very trying economic times. We've received thousands of emails from everyone from a grandmother in New York whose grandson is stationed in Afghanistan to a person who runs the supplier diversification program at a large telecommunications company all mentioning they are glad they found VeteranOwnedBusiness.com and proudly use it when searching for products or services online."
